Child Sexual Exploitation (CSE)

A Guide for Parents and Carers

What is Child Sexual Exploitation?

“Child sexual exploitation is a form of sexual abuse in which a child or young person is exploited, coerced and/or manipulated into engaging in some form of sexual activity in return for something they need or desire and/or for the gain of a third person.

The ‘something’ received by the child can include both tangible items such as food, somewhere to stay, drugs, alcohol, cigarettes or money and more intangible ‘rewards’ such as perceived affection, protection or a sense of belonging. Fear of what might happen if they do not comply can also be a significant influencing factor.

Common to all these scenarios is an imbalance of power in favour of the abuser and some degree of coercion, intimidation, exploitation, violence and/or enticement of the child or young person.” (DSCF 2009)

The abuse can be perpetrated by groups or individuals, and by adults or peers.

What can I do as a parent or carer?

- Discuss differences between healthy and unhealthy friendships and relationships.
- Stay alert to any changes in behaviour which may indicate that they are feeling under pressure.
- Carefully monitor any episodes of staying out late or not returning home.
- Be aware of who they are spending time with and encourage them to keep in touch by texting you when they are out in the community.
- Report them missing if you do not know where they are.
- Talk openly to your child about keeping safe and listen calmly if they confide in you.
- Regularly check the young person’s possessions for drugs and any unexplained money or gifts.
- Install online safety features and apps.
- Check in with parents of their friends.
- Be cautious of any older friends or friendships where there appears to be a power imbalance.
- Check in with school or college to see if they have noticed any changes in behaviour.
- Share your concerns with school staff or Children’s Services.
